

Widget Construction's windows look great and are always installed correctly.

Beautiful Windows

at budget-friendly prices, that save energy, cut outside noise and never leak... guaranteed

Does the windows contractor you're considering meet these standards for ethics and competence? We do!

The windows contractor you choose should:

- Provide a complete list of clients dating back 3 years or more for prospective customers to contact.
- Make recommendations based on 15+ years experience. (we have 29)
- Maintain an A+ rating with the Better Business Bureau.
- Thoroughly educate you concerning all options available.
- Furnish a detailed scope of your project in writing.
- Provide a complete explanation of installation procedures, including dates for completion of each step and meet them.
- Complete your job on time. No excuses.
- Be current with their supplier accounts to eliminate unnecessary delays in ordering windows and parts.
- Maintain liability and occurrence insurance to ensure you have maximum protection, and cover all employees with workers' comp.
- Guarantee windows are installed properly and will never leak as long as you own your home.

Widget Construction meets all of these standards and provides evidence to prove each claim. E-mail or call us for our free report, **How to Choose a Windows Contractor.**
